

# FREE ACCESS FUNNY AWARDS FOR COLLEGE STUDENTS

## 2015 U.S. Higher Education Faculty Awards, Vol. 3

Created by professors for professors, the Faculty Awards compendium is the first and only university awards program in the United States based on faculty peer evaluations. The Faculty Awards series recognizes and rewards outstanding faculty members at colleges and universities across the United States. Voting was not open to students or the public at large.

## You Are An Awesome Employee Keep That Shit Up

Funny gag gift for your employees or coworkers. Some ideas would be to add to a gift basket, or give this as an award with money for employee of the month, employee of the year, birthdays, sales quotas, special projects. Also great gift from a coworker or to or from the boss. Or give them this award first before they get the real award. Either way it is a usable notebook and a funny memento. Cover features a raven bird with the sarcastic and off color quote....You are an awesome employee, keep that shit up. 100 college ruled lined pages. Paperback notebook with a perfect binding. 6" x 9" conveniently sized to carry in backpack, in car, on planes, to keep by your computer, on nightstand.

## Sketches of Yale Life

This monograph is an idea book for two-year institutions thinking of adding an honors program to their list of academic offerings, and as such aspires to provide a useful description of the many options available to honors education for the several audiences who, as a matter of course, may become stakeholders in the operation of a two-year college honors program. Beyond their need for initial suggestions about starting a successful honors program at their home institutions, readers may consider the author's full and various descriptions as an invitation to lift their eyes toward the horizon, to envision a full program that will truly serve the needs of the institution. This work also acquaints the audience with a selection of key examples that will aid an embryonic program in the sometimes onerous birthing process. The handbook includes several appendices that list some useful research about honors, including a sample honors retreat and model honors contracts. The following are appended: (1) Basic Characteristics of a Fully Developed Honors Program; (2) Basic Characteristics of a Fully Developed Honors College; (3) NCHC Publications, Monographs, and Resources; (4) Sample Honors Retreat by Eddie Weller, San Jacinto College, South Campus; (5) Sample Contracts (excerpted from "A 'Sampler' of Honors Contracts," edited by Roy Colquitt for the Two-Year College Committee, 1999); and (6) Bibliography.

## A Handbook for Honors Programs at Two-year Colleges

“Sarah Marshall and Anne Hornak have done a magnificent job exploring diverse contexts in which college students expand their individual leadership capacity and learn and practice engaging in relational leadership with others. These cases are realistic because they were gathered from their interviews with real students engaging in leadership. From whatever perspective, students can learn that they are doing leadership when they work with others to address shared issues, solve shared problems, and work toward positive change.” - from the Foreword by Susan R. Komives This book presents over 230 case studies that reflect typical issues faced by undergraduate student leaders. The scenarios cover the range of functional areas of student

life. These cases are intended for use by faculty and student affairs professionals as training tools for new student leaders who generally receive little preparation before assuming their positions. Cases provide an opportunity for students to roleplay and discuss scenarios before they encounter potentially similar events in their daily lives as leaders; engage students intensely in their learning, as they work through the issues and problems; and promote meaningful dialogue and discussion of relevant theory. The cases are based on real life dilemmas, and reflect both contemporary and historical campus issues. They are derived from interviews with 110 undergraduates and 11 student affairs administrators from large public research institutions, small privates, community colleges, and mid-sized comprehensive schools. The book begins with guidance on how to use case studies effectively, and on how to incorporate theory in analyzing them. The cases are then grouped into chapters, each of which focuses on a particular type of student organization. The cases vary in length to allow for multiple uses. Shorter cases can be role played and discussed in leadership training workshops, while longer cases can be used as take home assignments or debated during longer training sessions. The book concludes with general advice for student leaders. To assist with the facilitation process, the authors provide discussion questions to begin the analysis of each case. The cases are written broadly enough to allow for a variety of possible solutions.

Mentoring At-Risk Students through the Hidden Curriculum of Higher Education reveals how the institutional culture and social networks of universities influence the academic success of underrepresented students. This book is based on a qualitative study that integrates a sociological and higher education theoretical framework to examine the impact of mentoring programs on students' acquisition of institutional cultural capital and social capital during their college experience. This book offers an innovative mentoring model that illuminates how students can navigate the hidden curriculum of higher education. In addition, the book provides practical strategies on how to avoid academic mine fields in order to thrive in college. This book is written for administrators, faculty, student affairs professionals and students to promote retention, academic success, and create a more transparent, inclusive, and equitable higher education system. See here for an article by the author on mentoring programs in colleges and universities published in Inside Higher Ed: <http://www.insidehighered.com/news/2014/08/04/book-argues-mentoring-programs-should-try-unveil-colleges-hidden-curriculum> To learn about a recent presentation by the author, see here: [http://diverseeducation.com/article/66772/?utm\\_campaign=Diverse%20Newsletter%203&utm\\_medium=email&utm\\_source=newsletter](http://diverseeducation.com/article/66772/?utm_campaign=Diverse%20Newsletter%203&utm_medium=email&utm_source=newsletter)

## **The Reader's Digest**

Hitting a ball with the hand (Handball) is the oldest sport known to mankind. It has been almost 100 years since handball was introduced as an intramural sport at Texas A&M. This book connects a tie to those who helped handball along the way even before handball became a sport there and takes the reader through the years to the spring of 2022. Part of the history of handball is told in personal stories from those who have played at Texas A&M and the impact handball had on their lives and their lifetime achievements. Another part of the history includes a history of the Texas A&M courts, coaches, and Intramural Directors. With a rich history that has produced 26 players who have reached the All-American level and some who went on to become the world's best, this story needed to be recorded.

## **Billboard**

Higher education in the United States is a complex, diverse, and important enterprise. The latest book in the Core Concepts in Higher Education series brings to life issues of governance, organization, teaching and learning, student life, faculty, finances, college sports, public policy, fundraising, and innovations in higher education today. Written by renowned author John R. Thelin, each chapter bridges research, theory, and practice and discusses a range of institutions – including the often overlooked for-profits, community colleges, and minority serving institutions. A blend of stories and analysis, this exciting new book challenges present and future higher education practitioners to be informed and active participants, capable of improving their institutions.

## **American Higher Education**

Funny and strange moments from 25 years of student writing captured in 200 pieces of essential wisdom. A hilarious book for anyone who has muddled through a school writing assignment: From the very first week of Tim Clancy's 25-year career as a high school English teacher, he began to notice and collect funny and strange moments he discovered in his students' writing. For example, his students wrote, \"The word 'witch' has become a household word, like 'spatula, \" and \"Wherever excitement is, there will always be romance. Trust me.\" He would occasionally share them with his classes, who enjoyed them as much as he did, and

Best in Class was born. Best in Class collects nearly 200 of the most entertaining pieces of wisdom selected from real student writing and complemented by dozens of playful illustrations. Laugh out loud funny for teachers and former students alike. Tim Clancy taught high school English in Michigan's Upper Peninsula for more than 25 years where he was lucky to have students impart tokens of wisdom in his writing assignments. Best in Class is a book that will be enjoyed every time it is opened for the entertaining, philosophical, and completely absurd bits of wisdom it contains. A perfect coffee table, bathroom, or bar top conversation-starting book Makes a great graduation, teacher appreciation, and teacher retirement gift

You've waited more than 20 years...finally...at your fingertips...a one-stop source for information about these prestigious awards and books that have been honored as the best This information-packed volume compiles bibliographic information about the books and authors honored by the Alexander, Edwards, and Printz awards given by YALSA-the division of the American Library Association (ALA) that serves the librarians who work with young adults. Essays written by experts in young adult content are included, and there are separate chapters about each award and its criteria. In addition, you'll find complete lists of award-winning books to date, speeches by and interviews with the winning authors, along with brief annotations, publisher information, subject/thematic descriptions and display and programming ideas.

## **Funny You Should Ask**

"You Thought You Couldn't Change, Either" is a book about the true accounts of the life of Andre Gilchrist. The book is written by Andre Gilchrist and explores how this individual went from living a life of serenity and peacefulness to living a life full of mental, physical, intellectual and spiritual degradation and how he was able to bring himself out of that lifestyle to living the life he lives and enjoys today. The book is written in two parts: "You Thought You Couldn't Change, Either" and "Fear of Intimacy." This book is written with the intention of allowing people to see and internalize the concept that no matter where one is in their life process that they can stop and turn their lives around. The first part of the book is devoted to showing in a chronological process the writer hitting rock bottom and then working his way out of that predicament. The second part of the book deals with the concept of intimacy as it was pivotal in the writer's life. It also deals with the life and struggles of the author and a more intense look into the internal structure of the individual. This is the story of one individual's struggle within himself. This is the story of one individual's journey from desperation to determination. This is the story of an individual exposing his weaknesses in life and having those same weaknesses manifest later in that individual as strengths. His is the story of an individual who has learned in life that everyone has to trust others and allow others to help him and that no one is completely independent of other people.

## **Teen Girls' Comedic Monologues That Are Actually Funny**

Oxford University is famed for the intelligence and innovation of its students. However, not all the undergraduates have devoted their talents to academia; instead they spent their time devising ingenious and hilarious pranks to play on their unsuspecting dons. This fascinating volume recalls some of the greatest stunts and practical jokes in the university's history, including those by Oscar Wilde, Percy Shelly, Richard Burton and Roger Bacon. Ranging from the stunt that gave Folly Bridge its name and a nineteenth-century jape that resulted in the expulsion of all the students from University College, to the long-running rivalry

between Town and Gown and the exploits of the infamous Bullington Club, this enthralling work will amaze and entertain in equal measure – and may well prove a source of inspiration for current students wishing to enliven their undergraduate days.

## **The Truth about College Admission**

"In this biography, Mary Jo Santo Pietro chronicles Father Hartke's experiences and endless achievements by combining his own stories, taped weekly during the last year of his life, with stories told by friends, colleagues, and celebrities. The book offers an inside look at major theatrical and political events in the nation's capital from the 1930s through the 1980s, and also uncovers the complex and paradoxical character of the man known as the "White House priest" and "Show Biz priest."--BOOK JACKET.
